Work History

- iSoftStone 05/13 - 06/13
Interning in computer software development working with Microsoft Office, Visio software, and SharePoint. I organized case studies and consolidated them. I organized meetings with various department heads to create a list of bench projects for employees to work through.
- University of Idaho Catering 05/12 - 05/13
Worked as catering staff, gaining experience in customer service, event coordinating, bar tending, and food handling. I worked in a team environment to put on prestigious events for the University.
- Brookfield Veterinary Clinic 05/11 - 08/11
Interned as a Veterinary technician. I handled animals and monitored their vital signs. I worked in cleaning and sanitizing the veterinary clinic and assisted in surgeries and check-ups.
- Cascadia Community College 09/09 - 06/10
Worked as a Peer Resources Officer, I worked in customer service and introducing new students into the Cascadia community. This involved team building, events coordinating, and public speaking. I was in charge of university purchases and answering and directing phone calls.
- Cold Stone Creamery, Woodinville 02/08 - 12/08
Served customers for 11 months in a team environment. Gained skills in customer service and memorizing customers orders.

Volunteering

- Kappa Alpha Theta Fraternity
I act as a member, as well as the Administrative Secretary at the University of Idaho chapter of Kappa Alpha Theta.
- Feral Cats Solutions
I assisted in the pre-op and post-op for spaying and neutering of feral cats on the Palouse. This includes vaccinations, anesthetics, and observations. I also assisted the veterinarians during the spaying and neutering of the cats.
- Little Bit Therapeutic Riding Center
I assist children and adults with disabilities when learning to ride horses as well as caring for the horses. I volunteered once a week for the spring of 2010.
- Zoo Corps
I worked with this organization at Woodland Park Zoo. My experience included caring for the farm animals in the zoo and educating visitors on the endangered species in the zoo.
